

MEBA and the AFL-CIO

[0] September 27, 2010 | union

The Keefe/VanLoo administration continues to **ignore the TWO AFL-CIO article 20 charges** that have been filed against MEBA due to actions with Interlake Steamship Company. MEBA is the **ONLY** US maritime officers' union to hold an AFL-CIO charter yet because of these charges, MEBA is currently operating outside the family of labor. As a "**rouge union**" MEBA cannot count on any support from AFL-CIO unions should a job action be necessary or support for our job base be required. Instead of being a shining example of labor standards, Keefe and VanLoo have driven MEBA to a place of shame within the house of labor.
